

LIGHTWEIGHT | LOW COST

GAIN INDEPENDENCE FROM STEEL COVERS WITH THE NEW OPW MATADOR COMPOSITE MANHOLE COVER.

Value Tough Enough to Stop a Raging Bull.

Say goodbye to heavy steel covers! Say hello to the NEW Matador composite cover by OPW. The Matador cover features OPW's next-generation composite technology – making it the preferred low cost and lightest manhole cover on the market today.

Help to make sump accessibility safer and easier by specifying the NEW Matador by OPW. Not only will the Matador lightweight composite cover help to put an end to the risk of back, foot and hand injuries, it will also deliver long-lasting performance.

Features Include:

- ◆ Legendary OPW quality and reliability
- ◆ Lightweight design makes sump access safer and easier
- ◆ Slip-resistant textured surface helps to prevent injuries
- ◆ Water and UV resistant
- ◆ Corrosion resistant
- ◆ Painted, steel frame
- ◆ Polyethylene skirt
- ◆ Recessed stainless steel lift handle

MATADOR

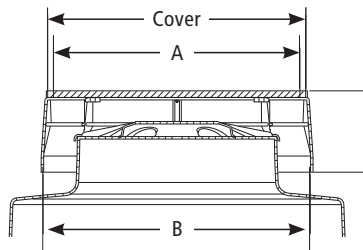

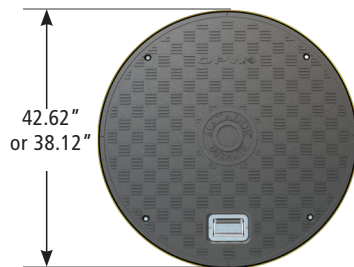

COMPOSITE COVER

Gain independence from heavy steel covers with this all-new composite cover. OPW engineered the Matador with next generation composite technology to make it the lightest cover in the industry, and priced it to compete with any cover on the market.

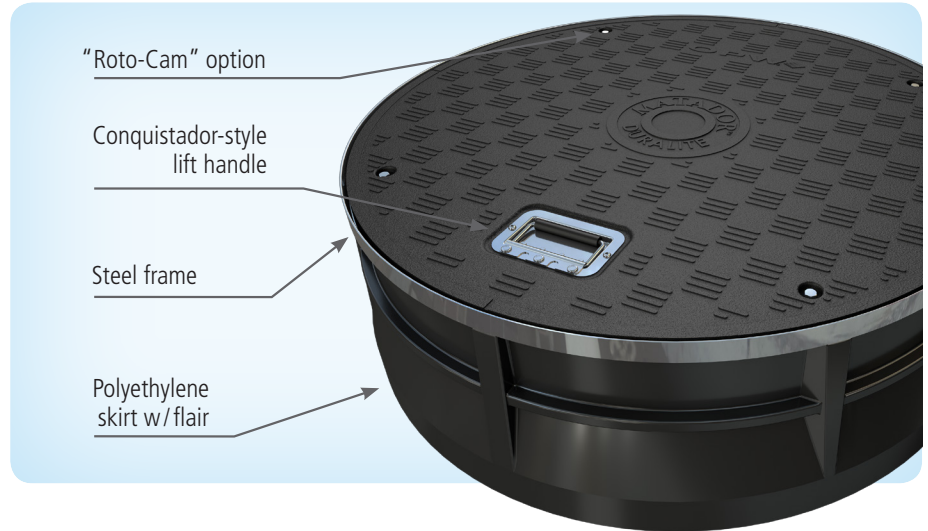

Features Include:

- ◆ Lightweight design helps to reduce risk of back, foot and hand injuries
- ◆ Slip-resistant tread pattern
- ◆ Water resistant
- ◆ Easy removal and replacement
- ◆ Stainless steel recessed handle
- ◆ Exceptional deflection performance
- ◆ Long-life performance – comparable to heavier competitor models in cycle tests
- ◆ Special structural fiberglass reinforcement matrix
- ◆ Two mounting options
- ◆ Roto-Lock Option – for providing a secure locking mechanism without the need to locate threaded bolt holes on the mounting ring. The Roto-Lock offers quick and easy access while maintaining a secure sump application.
- ◆ Painted steel frame
- ◆ Polyethylene skirt with flair
- ◆ H2O Rating – Exceeds Highway Specification – 20 (H2O) Rating
- ◆ Flared skirt allows equivalent water percolation to 39" and 44" covers
